Hi Ron,
Thank you for the e-mail and the updated information. I am out of the office all weekend, and will return on Monday 9/18.

I wanted to advise you that tents are allowed on public sidewalks from 9pm - 6am, as long as they do not block a doorway or driveway. They also cannot block the sidewalk for pedestrians or wheelchairs, and must allow 36 inches for public right of way.

Please assist me by calling 877-ask- lapd to report any violations in my absence.

Lastly, I removed and cleared a large encampment from the N/W/C of Citrus Av. & Santa Monica yesterday. I advised Lisa Schechter of this, and sent her photos as well. I will check to see if these are the same individuals, who have relocated into your area, when I return.

Thank you for your assistance with calling parking enforcement, and for taking the time to advise me of this new encampment.

PJ

Ofc. Jordan,

As you are aware, the recent uptick in homelessness has affected our Media District to a large degree.

In particular, we have a small encampment that includes a motorhome that. began around 9/9 and has not moved since.

Some of the neighbors included in this email have noticed this as well.

There is a 20' Pace Arrow motor home (CA 3HHX828) that is daily violation of 4:00am to 6:30am street sweeping ordinance.

I am calling Parking Enforcement at 4am daily. I am not aware if they are ticketing, but I do make the calls and I will tomorrow morning if they are still there.

The individuals in the tent are more of a concern so as this problem does not tend to grow into a permanent or larger encampment.

Is it possible for you or one of your officers to visit these folks and encourage them to seek services so as not to be on the street?

If you could forward this message to Parking Enforcement to patrol during the 4am to 6:30am shift that would also help.

Thank you for your efforts in helping us with this problem.

Ron
